

Paws on the Pulse

What's New in January 2024?

We're Making a Pawsitive Impact!

We're doing something new each and every month here at HanaByte! This year, we're offering a new way to keep up to date with our team. HanaByte exists far beyond the reach of your screen and even beyond the scope of work we offer on our website. With in-person events, outreach programs, and new ways to collaborate in the industry, 2024 is set to be our best year yet!

We'll make checking your email a treat with our exciting new accomplishments and our monthly announcements of new opportunities to connect! Let's keep in touch as we embark on this new journey together!

AWS re:Invent 2023

What happened in Las Vegas, is too good to stay in Las Vegas!

HanaByte went to AWS re:Invent to fetch some new knowledge and we're wagging our tails about all of the great new connections we made! It's our great honor to be able to attend these events in our industry but we're not going to gatekeep what we learned! Check out our blogs and socials for sneak peeks into the event, the expo, the talks, and all of the exciting new changes on the horizon with our fellow AWS APN Partners.

Conferences are a great networking opportunity and we're doing more events in 2024. Reach out to us if you're planning on attending an event and we can meet you there to talk business, to talk news, and to talk about how HanaByte can be a part of your security future.

HanaByte Hearts

How We're Giving Back

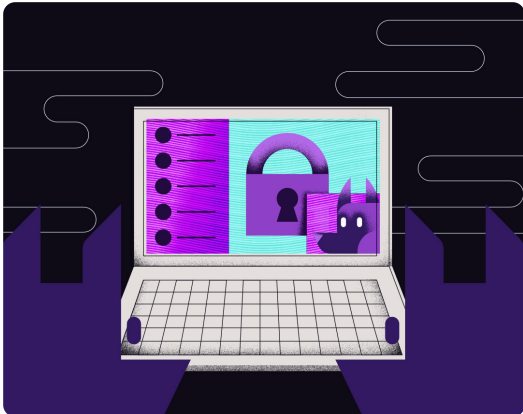

Rise Against Hunger

In Q4 of 2023, the HanaByte pack gathered together to complete our very first year of corporate outreach events. We started our year with HanaByte Hearts Rise Against Hunger as a team of 6 employees, taking on packing 7 boxes. At the end of the year, we had grown to a team of 13 employees and were about to pack a total of 24 boxes.

This experience required teamwork as we worked in multiple stations to help out during a time of year when meals played a central role in many holiday celebrations around the world. We're happy to be able to do our part to end hunger and to give back to our community with our various outreach programs.
