

Paws on the Pulse

That's a Wrap on March!

New & Upgraded

Our New Team Members & Promotions

April Park

Compliance Consultant

April brings well over a decade of diverse, domestic/international experiences, focusing heavily on building both internal and external loyalty, workflow optimization, and designing strategies most recently hailing from a security & compliance SaaS sales team. She is thrilled to join HanaByte as a Compliance Consultant to serve as the bridge, ensuring that compliance is as pleasant and approachable as good doggos.

Our New Certifications

What We Can Do For You

We're always leveling up our certifications. Here is one of the many skills our team members have achieved!

Steven Reid

AWS Partner: Sales Accreditation

April Park

AWS Partner: Sales Accreditation

AWS Partner: Technical Accreditation

AWS Partner: Cloud Economics Accreditation

Patrick Davis

ISC2 CISSP Certification

Event Attendance

Being Present in Cybersecurity Dialogue

The Business Show - Miami

HanaByte had its first presentation at a business show this month. While the pack is no stranger to a Cloud Security conference, this was a brand new challenge for our team as we embraced conversations with a variety of small businesses and competitors in the industry. This created an amazing opportunity for collaborative conversation, building our network and meeting new opportunities in a way we previously were unable to do!

We also had a presentation with a booth where we were able to give out cool swag, like our very popular dog treat shaped stress toys to take the stress out of Cybersecurity and show off how working with HanaByte is a treat!

Finally, we wrapped our two-day expo presence with Eric Evans, Founder and CTO, giving a talk on "The Secure AI Blueprint" and building trust in generative technologies!

Event Attendance

Being Present in Cybersecurity Dialogue

CIC 2024

HanaByte headed west in March to sponsor the 2nd annual CIC conference. Michael Greenlaw, Jenny Tang, and Jeff Pemberton accompanied Eric Evans to the conference located near the beach in beautiful San Diego, California.

Day one started with the CCP class where we learned about CUI, CCT, C3PAOs, DFARS regulations, NIST standards, and much more. Though it might've been a bit boring, they packed a lot of useful information into the limited eight-hour conference days which was extremely useful for our team members in attendance. The people teaching the courses were experienced and provided as much information about the CMMC exam as they possible with emphasis on sharing knowledge and experiences. On day two, we moved onto learning about POAMs, what each role plays, and how the phases of an assessment work. Our team came back feeling armed with additional knowledge with the assertion that the talks were extremely fruitful! We're so thankful to be part of this extraordinary event!

HanaByte Hearts

How We're Giving Back

Atlanta Children's Shelter

We recently had the opportunity to work with the Atlanta Children's Shelter. This month, our team had the opportunity to get together and deliver the goodies purchased last month to their headquarter facility.

The drop off process was extremely easy. We were able to pull right up to the doors to unload with strategic and safe entry through a parking structure, rather than the street. The team was also given a tour of their state of the art facilities which included three barrier safety layers before access to the classrooms for added protection for the children on site.

Our coordinator was knowledgeable, compassionate and easy to work with. We're excited to go to the classroom and meet the group!

Upcoming Events

Meetups & Talks Happening Soon

HanaByte Monthly Webinar

03.28.24 | 6:00 PM EST

We're hosting our third webinar this month, celebrating Women's History Month with a Women's Summit. We will be discussing experience of Women in Cybersecurity and the Technology sector as a whole, as well as highlighting milestones and metrics we use as a guiding force. Find out how HanaByte is leading the pack in this month's event!

Weekly Office Hours

03.29.24 | 11:30 AM EST.

Join our weekly hours on Discord as we create a new space for learning and communication! Our office hours are available every week from 11:30 AM to 1:00 PM. For more information see hanabyte.com/events or contact us via hanabyte.com/contact.

Want to Collaborate?

Check Our Our Available Opportunities

Become a Speaker

We're all about uplifting voices in the industry and we want to work with you. Reach out to us today about opportunities to collaborate and present through one of our hosted events online or in-person.

Come & Mingle

We're getting together to present and learn! Join us at one of our in-person events or meet up with us at one of our conference events. We're open for business meetings throughout the year so find out when we can get together and chat!

Workshops

We're offering new ways to get to know Cybersecurity. You can join one of our workshops as an attendee or contributor in 2024. Let's get to know how we can work together to help grow your knowledge!
